

## Magician Code of Standards and Ethics

My promise to clients...

At your event, you get a professional magician/entertainer who:

- Dresses sharply
- Arrives at least a half hour early
- Treats everyone with a smile and top-notch hospitality
- NEVER consumes alcohol during the event (This is the epitome of unprofessionalism and is completely taboo for a magician.)
- Uses only age-appropriate humor and illusions, never crossing into anything 'R' rated.
- Brings the magic to attendees but with tact and style, never interrupting conversations or forcing magic on those uninterested
- Performs special illusions tailored just for the client and/or for guests of honor, often leaving them with an unforgettable (impossible) souvenir.
- Amazes your guests and has them talking about the magic and your event for weeks to come.

As a reminder, I am Maryland State Police and FBI background checked for your peace of mind. Search in YouTube for '[Maryland magician](#)' and you'll see my videos come up first.

Please, call, text or email any questions you have. Looking forward to making your event unforgettable...
